REPRESENTATIVE TEAM MANAGEMENT

SELECTION OF TEAM MANAGEMENT CONVENORS FOR 2021-2022

One of the functions of the Bowls North Harbour Centre Board is to be represented by teams prepared for the purpose of representing Bowls North Harbour at national and centre level. That also includes the 1-5 year teams which are vital to the ongoing level of success of players selected in the Open Premier teams.

The Bowls North Harbour Board are encouraged at the current level of preparedness and standard of all representative teams for this past season and see a bright future for a continuation of that progress made over the recent years.

The Bowl North Harbour Board are now seeking expressions of interest from persons who are interested in leading each of the various teams as we move into the 2021-2022 season for –

- Open Premier Men
- Open Premier Women
- 1-5 year Men
- 1-5 year Women

The role of the Convenors will include, but not necessarily limited to, the following –

- a) Lead the representative programme in the category selected for;
- b) Lead the selection, training and management of the representative team in the category;
- c) Engage with and appoint assistants to assist in the selection, training and managing of the respective representative team;
- d) Make all arrangements necessary for player development within the respective programme;
- e) Make all arrangements necessary for the teams to take part in the representative fixtures approved by the Board.

Persons interested in being appointed to lead any one of these teams as noted above are invited to express their interest to the Board by replying to the Bowls North Harbour secretary at the address above with reference to “Representative Teams’ Appointments”

The Board strongly encourages clubs to actively promote members who would be suitable candidates in this important development role of the players in the Centre.

Expressions of interest will close on 30 April 2021 and applicants should nominate which category of team they are applying for.
