

Weekly Reminder – 10th November 2021

1. COVID LOCKDOWN

Auckland moved into Level Three, Step Two at 11.59pm on the 9th of November.

Step Two: Under this step, the Bowls New Zealand recommendations are as above, with the following changes:

1. Gatherings of no more than 25 persons at any one time.
2. There are no restrictions on the number of bubbles that may mix.
3. Bowlers may switch rinks.
4. Clubrooms may be open only for essential services (e.g. toilets).
5. Mats and Jacks may be used, but must be sanitised before and after play.
6. The pre-booking of rinks is no longer required
7. The wearing of face coverings is encouraged.

*This is Bowls New Zealand's interpretation of step two in the three-step process within Alert level Three. They will update our official guidelines as we compare our interpretation with the latest government communications.

TRAFFIC LIGHT SYSTEM AT A GLANCE

A new system for Covid-19 response will take effect when all DHBs across New Zealand have 90 per cent of their population vaccinated.

Red	Orange	Green
<ul style="list-style-type: none">• Working from home encouraged. Hospitality, retail, and gatherings allowed for vaccinated but with limits similar to level 2.• For venues that don't use vaccine certificates - contactless pickup only for hospitality, gathering limit of 10, no gyms or hairdressers.	<ul style="list-style-type: none">• Close to normal life for the vaccinated, with more masks required and some capacity limits.• For venues that don't use vaccine certificates - contactless pickup only for hospitality, stricter gathering limits, no gyms or hairdressers.	<ul style="list-style-type: none">• Essentially normal life for the vaccinated, with schools, retail, hospitality all open with no limits.• For venues that don't use vaccine certificates - some gathering limits, similar to level 2.

The Government will mandate the Covid-19 vaccine for any worker of a business that requires a vaccine certificate at entry.

Restaurants, cafes, gyms, and other "close proximity" businesses that choose to operate with greater freedoms, while requiring vaccine certification, will have to comply.

A person's vaccination status will become increasingly relevant to how they can participate in usual activities under the Government's proposed "traffic light" system, which will replace the alert level system when each district health board reaches 90 per cent vaccination levels.

RESURGENCE FUND

The current payment, which has been available from 29 October through myIR, will remain at the current rate of \$1,500 plus \$400 per full-time equivalent (FTE) employee, up to a maximum of 50 FTE.

Subsequent payments will be for \$3,000 plus \$800 per FTE, still up to a maximum of 50 FTE.

The frequency of the payments will also change. They will be available fortnightly, on 12 November, until Auckland moves into the new Covid Protection Framework.

Note: If your club has not claimed anything from the Resurgence Fund to date the club is able to claim right back to when the fund started in August

Contact our Treasurer, Raewyn Thomas on 027 499 8697, if you need assistance.

Hi Raewyn,

This is brilliant (the Resurgence fund document attached). Thank you SOO much.

I'd tried to apply to RSP, but had gotten "stuck" on the employment aspect!

Many thanks & warm regards
